November 20, 2025

On behalf of the Stonewood Volunteer Fire Department (SWVFD), thank you for being a generous sponsor of the 3<sup>rd</sup> Annual Stonewood Firefighter's Festival. With your support, the event raised more than \$47,000 for the Department, which ensures that critical emergencies services will not be hindered.

This year SWVFD was able to purchase, with event proceeds, new personal protection equipment for members of the department. field. The equipment is already being put to good use by the department. Below are some photos of our recent purchases.

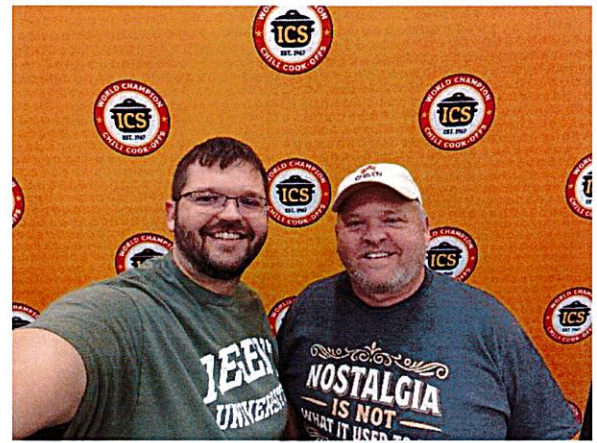

The Stonewood Volunteer Fire Department is devoted to providing the City of Stonewood and surrounding area with the best emergency services possible. Our volunteer members are proud of their commitment to the community and give their time to meet their needs

Not only do the members produce an impressive festival, but they also participate in extensive training programs, support other local festivals, and raise additional funds via fundraising events, like our upcoming Designer Bag Bingo. As you can see from the pictures, the members play an important part in our local communities.

Because of your support, we were able to add more entertainment options, new carnival rides and new food trucks and numerous craft vendors. We staged the second Miss Stonewood Volunteer Fire Department pageant with Aliana Ashworth winning the crown. Alisana will represent the department at the WV Fairs & Festival Pageant in January 2026. Our winning Hope Gas Harry Lynch Chili Cook-Off winners took part in the 2025 ICS World Chili Cook Off Championship this past summer.

The Department could not do what it does with the generous support of a caring and participatory community. We are thankful that you are part of our community. Thank you again for your sponsorship of the Stonewood Firefighters Festival and the Department. We hope to see you next July 31 – August 2, 2026, for the fourth annual festival.

With warm regards,

The Stonewood Volunteer Firefighter's Festival
